OBJECTIVE

To obtain a geophysics internship for Summer 2017

EDUCATION

- **University of Houston** Houston, Texas August 2014-Present
- *Pursuing **Bachelor of Science in Geophysics***
- *Pursuing **Bachelor of Science in Petroleum Engineering***
- *Minor: **Mathematics & Geology***
- *Expected graduation: Fall 2018*

Relevant Coursework

- GEOL 3323: Field Methods
- GEOL 4315: Introduction to Geophysics
- GEOL 3370: Mineralogy
- GEOL 3372: Petrography
- PETR 2311: Reservoir Petrophysics
- ENGI 2334: Thermodynamics
- PETR 3313: Reservoir Fluids
- PETR 3372: Petroleum Production Operations
- PETR 3362: Reservoir Engineering
- PETR 3315: Introduction to Well Logging

WORK EXPERIENCE

Caribbean Basins, Tectonics & Hydrocarbons (CBTH) Consortium
University of Houston; Science and Research Building 1, Houston, TX April 2016-Present

Research Assistant

- Assisting in managing a geologic database of the CBTH GIS database
- Conducting research in subsidence history of the Gulf of Mexico.

Medi14 (medical supply store), Pearland, TX January 2014-September 2014

Assistant Manager

- Managed the store in absence of the head manager.
- Remerchandised store in order to help improve sales.

SKILLS

- Bilingual: English and Arabic
- Programming: MATLAB
- Software: MS Office, MS Excel, MS PowerPoint, Adobe Photoshop, Neuralog, Petromod, ArcGIS,

MEMBERSHIPS and AWARDS

- American Geophysical Union 2016-Present
- Society of Petroleum Engineers 2015-Present
- Academic Excellence Scholarship 2014-Present
